Mega Plastic Collection Drive

Dear Students,

We, at SFWS, strongly believe in the importance of environmental conservation and the role each one of us can play in creating a sustainable future. In our continued efforts to promote eco-friendly practices, we are pleased to announce the initiation of Mega Plastic Collection Drive at our school.

The Mega Plastic Collection Drive is in collaboration with 'A Swachh Bharat Mission Urban 2.0' a Govt, campaign under the initiative 'Meri Life, Mera Swachh Shahar Mission'. Together we aim to raise awareness about the harmful effects of plastic on the environment and encourage responsible waste management. By actively participating in this drive, we can make a significant contribution towards conserving our environment and preserving our planet for future generations.

Details of the Mega Plastic Collection Drive:

Collection Points: We have designated collection points at various locations across the school premises, including the main entrance, cafeteria, and library. Each location will have clearly marked bins for segregating different types of plastic waste.

Types of Plastic: We encourage the collection of the following types of plastic waste: water bottles, food containers, packaging materials, plastic bags, straws, and any other non-biodegradable plastic items.

Collection Period: The Plastic Collection Drive will commence from July 3, 2023 and continue until 22nd of Every Month. We kindly request all students to actively participate during this period.

Segregation and Disposal: It is crucial to segregate the plastic waste correctly to ensure effective recycling. Please ensure that you clean and dry the plastic items before disposing of them in the designated bins. The collected plastic waste will be sent for recycling to minimize environmental impact.

Rewards and Recognition: We will appreciate the efforts of students who actively participate in the Plastic Collection Drive. Prizes, certificates, and recognition will be awarded to individuals and classes that make significant contributions. Appreciation Certificates by Nagar Nigam, Meerut. Students will be awarded every month for their contributions.

Spread the Word: We urge all students to spread awareness about the Plastic Collection Drive among their peers, teachers, and parents. Encourage everyone to participate and contribute to our collective goal of environmental conservation.

Remember, small steps can lead to significant change. By participating in this Mega Plastic Collection Drive, we can reduce the negative impact of plastic waste on our environment and inspire others to adopt sustainable practices.

Let us join hands and make a positive difference!

Best regards,

Principal
